

Please vote NO against vaccine “passport” mandates.

To the little girl going ice skating: Show me your papers!

To the teen boy trying to play basketball at a rec center: Show me your papers!

Requiring a vaccine passport is an infringement on personal freedoms. It crosses a line that we should not cross. It is also a burden on businesses – and unnecessary given our county’s high rates of vaccination.

Thank you for thinking clearly about this important issue and voting NO.

Sincerely,
Anne Bolin
